WORK EXPERIENCE

Frontend Web development

Hands-on Experience in Frontend
development:

I have self experience in frontend web development and have created numerous projects independently, which has given me strong skills in HTML, CSS, JavaScript, and React. I am passionate about building responsive and user-friendly websites and am now seeking an internship to start my career as a frontend developer. I am eager to learn from experienced professionals and contribute to exciting projects.

CERTIFICATES

Meta Frontend Development

I completed a frontend development certification from Meta, where I learned to build responsive and user-friendly websites using HTML, CSS, JavaScript, and React. This course helped me improve my skills in creating high-quality web interfaces.
